# Product philosophy

Seniority is not the sole element to watch out for, where Montbel has probed product features: difficulties in moving and in moving about, ergonomics for whomever has postural problems.

It is not just a matter of age, but of function.

Keeping fit while remaining seated.

Achieving one's psychophysical wellness, are conditions that generate a number of technical applications adopted on our serial-made seating.

Studying disabilities means respecting life and improving it.

La terza età non è l'unico elemento di attenzione su cui Montbel ha condotto una specificità di prodotto: le difficoltà motorie e di spostamento, l'ergonomia per chi ha problemi posturali. Non è una questione di età ma di funzione, mantenersi in forma rimanendo seduti. Ottenere un benessere psicofisico sono le condizioni che generano una serie di applicazioni tecniche introdotte sulle nostre sedute di serie. Studiare la disabilità è il rispetto della vita. E la migliora.

Le troisième âge n'est pas le seul critère de l'attention de Montbel sur la spécificité des modèles mais conçu aussi pour les personnes en difficultés moteurs et de déplacements. L'ergonomie pour qui a des problèmes de position est aussi notre principale attention. Rester en forme tout en étant assis, obtenir un bien être physique sont les conditions qui demandent une série d'applications techniques introduite dans nos assises de séries. Etudier le handicap, c'est respecter au mieux la vie.

Senioren sind nicht das einzige Element auf welches Montbel besondere Aufmerksamkeit gelegt und Produkteigenschaften untersucht hat: motorische Schwierigkeiten, Ergonomie für jene mit Haltungsproblemen: Es ist keine Frage des Alters, sondern der Funktion. Fit bleiben beim Sitzen, sein psycho-physisches Wohlbefinden zu erreichen, sind Bedingungen, die eine Reihe von technischen Änderungen auf unsere Serienfertigung der Sitzmöbel generiert haben. Behinderungen zu studieren, bedeutet Leben zu respektieren und es zu verbessern.

I colori chiari non devono essere messi a contatto con tessuti e capi di abbigliamento trattati con coloranti non fissati (ad esempio jeans o derivati) o con scarse solidità di tintura, onde evitare macchie e aloni di coloranti di cui non possiamo garantire la pulitura. Vi informiamo di non poterci ritenere responsabili di danni causati dall'uso improprio dei nostri spalmati.

*To avoid permanent stains, light coloured products should not be brought into contact with textiles and clothing coloured with unfixed dyes. We cannot guarantee the ability to remove unknown dyes from light coloured products. Please note that we cannot be liable for damages caused by inappropriate use of our products.*

La Montbel si riserva di applicare i tessuti utilizzando il verso più consono all'articolo prescelto.

*Unless specified otherwise Montbel will use its discretion to determine the direction of fabric than best suits the model selected.*
